Who We Are

HAP is a private non-profit organization that provides services for adults with disabilities and early childhood education to young children of all abilities.

HAP is supported through funds from Beaver County Behavioral Health and Developmental Services, the Beaver Valley Intermediate Unit and the Office of Developmental Programs.

Our Origins

HAP is a private non-profit agency founded in 1970 and based in Beaver County.

The HAP adult training program began operating on November 30, 1970. Effective January 1, 1971, HAP became the administrator of the Tiny Tot Preschool Program. The organization expanded again in 1973 with the inception of their Community Residential Services.

Our Philosophy

HAP is committed to the concept of community based programs with the goal of enabling individuals to assume an everyday life as well as one that reflects dignity and respect.

We value what is important to people with disabilities and their families, who are striving for an everyday life. People with disabilities have a right to a life that is no different than that of all other citizens.
